Food & Beverage

Experience. Better Ingredients.

Your craft, our chemistry — for products consumers trust

Working closely with you

With in-depth expertise across the food and beverage sector, CSA Ingredients collaborates closely with customers to understand their needs and develop solutions that are right for them.

Our focus is on providing safe, cost-effective and high quality products that delight your consumers — consistently and reliably.

In-depth technical experience...

- Dairy technology • Winemaking • Microbiology
- Manufacturing • Product development
- Compliance • Quality assurance
- Procurement • Logistics

Our team's experience and advice is a valuable asset for you to draw on — we're here to help when and where you need us.

Range and capabilities

We provide a comprehensive range of food grade chemical ingredients, colours, flavours, and products for rapid testing and hygiene monitoring.

Our offer includes our own CSA Ingredients products, along with an extensive selection of world-leading products. We also offer a wide range of laboratory and analytical chemicals.

Supply and manufacture

CSA Ingredients has years of experience in sourcing, stocking and distributing ingredients and chemicals locally and globally from the world's most reputable sources.

We manufacture and pack food-grade products in our HACCP approved ISO22000 facility here in Australia, and our warehousing is ISO 9001 accredited.

Custom-made ingredients and solutions

Operating our own food grade production facility means we're also able to custom make solutions and dry blends that are matched to customer specifications.

And, through our partnership with Sensient Food Flavours & Colours, we can also assist with the production of syrups, sauces, fruit preparations, seasonings and flavour blends.

Our products

CSA Ingredients supplies an extensive range of quality products for the food and beverage industries.

Food Acids, Citrates & Solutions

Acetic, Citric, Lactic & Malic Acids

Alginate, Guar Gum, Gelatine
Carrageenan, Locust Bean Gum,
Xanthan Gum, Pectin

Sugars & Sweeteners

Dextrose, Sorbitol, Sucrose
Stevia, Sweetease (natural flavour)

Emulsifiers

Glyceryl Monostearate
Sorbitan Monolaurate, Monostearate &
Tristearate
Polysorbates (20, 60, 80), Lecithin

Preservatives

EDTA – Disodium & Trisodium,
Potassium Sorbate (& solutions)
Potassium Benzoate
Sodium Benzoate
Metabisulphites - Sodium & Potassium

Functional Food Ingredients

Caffeine, Triglycerides, Omega-3's
Omega-6, PUFA's & Vitamins, Ethanol

Mineral Salts, Phosphates & Solutions

Calcium Carbonate, Calcium Chloride
Dipotassium Phosphate,
Disodium Phosphate
Mono & Di Ammonium Phosphate
Monocalcium Phosphate
Potassium Carbonate, Phosphate solutions
Sodium Bicarbonate, Sodium Carbonate
Sodium Chloride,
Zinc Sulphate Heptahydrate
Sodium Hexametaphosphate,
Sodium Acid Pyrophosphate
Tetrasodium Pyrophosphate,
Tricalcium Phosphate

Custom Made Product

Syrups Sauces & Toppings
Yoghurt Fruit Preparations
Ice-cream Ripples & Sauces.
Culinary Sauces, Roux and Seasonings

Colours & Flavours - Natural & Synthetic

Comprehensive selection in
multiple formats

Concentrates, Distillates & Emulsions
Fats, HVP's, Mouthfeel &
Sweetness Enhancers
Botanical Extracts & Organic
Compliant Flavours

Rapid Testing & Hygiene Monitoring

Extensive Range of Swabs & Testing Kits
ATP surfaces & water
Food Allergens, Gluten & Protein
Acid & Alkaline Phosphatase
Test Reading Instruments & Systems
Including EnSURE™ Touch &
SystemSURE™

Compact Micro & Pathogen Testing

Extensive range of Pathogen and
Standard Media
Compact Dry Plates, (Standard & Rapid)
Petrifilm Plates (Standard & Rapid)
MicroSnap Swabs TC, E.coli,
Coliforms & Enterococci
Plate Readers, Incubators, Pipettes & Tips
Sample Prep, Sterile Bags & Testing
Consumables

Clean in Place (CIP)

Cleaners, Sanitizers & Descalers
Alkaline, Acidic and Detergent based
Peroxyacetic Acid, Peroxide, Hypochlorite

Sanitizers & Surface Cleaners

Alkaline, Chlorinated and Quat based
Foaming and Hard Surface Cleaners
Hand Washes & Sanitizers

Laboratory Reagents & Chemicals

Buffers, Reagents, Solvents, Standards
Indicator Strips – pH, Chlorine
