Consumer Care

Experience. Better Ingredients.

Your care, our chemistry — for products consumers trust

Businesses work hard every day to ensure that their products perform effectively, safely and consistently. That's why leading brands rely on CSA Ingredients as a key ingredient in their production.

In addition to making our own products in our Australian production facilities and importing from amongst the best and most reputable brands in the world, we also partner with our consumer care customers to share our technical expertise.

Our experience working with manufacturers across the sector ensures we understand the importance of being responsive and reliable — when and where you need us.

It's a flexible approach that means you can innovate effectively and efficiently to meet changes in your market.

With CSA Ingredients, you'll be able to continue making products that consumers trust — consistently and reliably.

Our products can be found in the following applications:

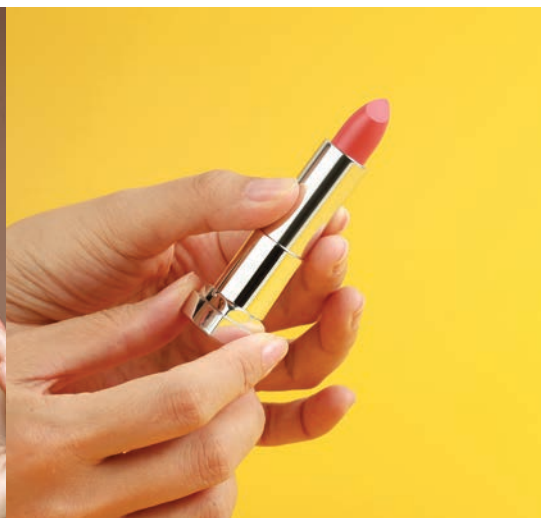

Personal Care

- Skin Care
- Sun Care
- Hair Care
- Cosmetics
- Oral Care

Home Care

Pet Care

Pharmaceutical
